

Tzili Charney is a curator, costume designer, producer, and philanthropist. As a philanthropist, she is devoting all her efforts to improving the fields of education, conflict resolution, and peace.

She upholds her late husband's, Leon Charney, position as Chairman of his real estate business at L.H. Charney Associates in New York, and continued his diplomatic legacy by founding the [Charney Resolution Center](#) in Israel in his honor. The resolution center welcomes students from all over the world and is dedicated to educating future generations on both peace negotiation and diplomacy. Her mission with the Center is to motivate and empower young people to pursue peaceful resolutions to conflicts wherever they are in the world.

Tzili serves as Vice Chairman of the University of Haifa's Board of Governors, where she and Leon founded the [Marine Sciences School](#). In 2019, she established [The Charney Forum for New Diplomacy](#) with the University. Her vision for the forum is to deliver the message of New Diplomacy to institutions, governments, and organizations worldwide. She also supports the university's [Legal Clinics for Law and Social Change](#).

In December of 2017, Tzili created the [ZAZ10TS](#) gallery space, an artistic and culturally based initiative that employs the building's façade, lobby interior, and immediate environment to bring art and culture to the building's community, visitors, and passersby. In addition, ZAZ10TS partners with other organizations nationally and internationally to support art.

Lately, Tzili has started a webinar series [Tuzamen](#) with her friend, Israeli filmmaker and Professor Tzipi Trope, where they focus on topics she has incorporated from her previous endeavors such as identity, conflict resolution, and culture.
